

Film sealing pliers SZ

Resealing of opened provision bags

Mobile packaging of large, bulky goods

Use of the sealing plier at the balancer

The film sealing pliers SZ are successfully used wherever large, bulky goods must be packed, e.g. for transport or warehousing. The light weight makes the device easy to transport and guarantees fatigue-free work even over a prolonged period.

Important: An impulse unit with an output corresponding to the heating band equipment is required for these devices.

i The following accessories are available for this product

- Mobile stands with or without air suction
- Balancer
