Declaration on the DIRECTIVE 2011/65/EU (RoHS)

Dear customer,

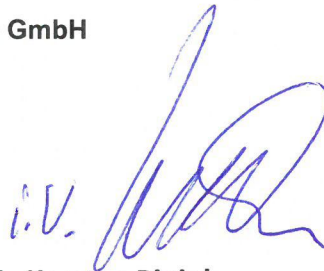

the directive 2011/65/EU (RoHS) lays down rules on the restriction of the use of hazardous substances in Electrical and Electronic Equipment (EEE). Herewith we confirm that for our product line – **DESI PAK** – none of the substances* mentioned in the directive 2011/65/EU (**Regulation of Hazardous Substances**) were intentionally added, and we can state that to the best of our knowledge are not expected to be present** in our products. This refers as well to the namely mentioned material of rockwood (Asbestos).

Nevertheless it is the responsibility of the end user to assess his final product and to ensure the compliance with the requirements of the EU Directives.

Yours sincerely, **Clariant Produkte (Deutschland) GmbH**

i.V. Hubert Simmler Hübenthal
BU FM, BG Cargo and Device Protection
Head of Sales EMEA

i. V. Karsten Biniok
BU FM, BG Cargo and Device Protection
Sales Manager LES North Europe

* Namely: Lead, mercury, hexavalent chromium, cadmium, polybrominated biphenyls (PBB) and polybrominated diphenyl ethers (PBDE)

**"present" means: not intentionally added, nor part of the production process, nor is the formation of such a substance during the manufacturing process expected. The quality of all our products is tested via a production control. Ubiquitous minimal traces of substances which are omnipresent and cannot be avoided by any technical, physical or chemical measure are not considered.
